

TALKSWITCH 48-CA

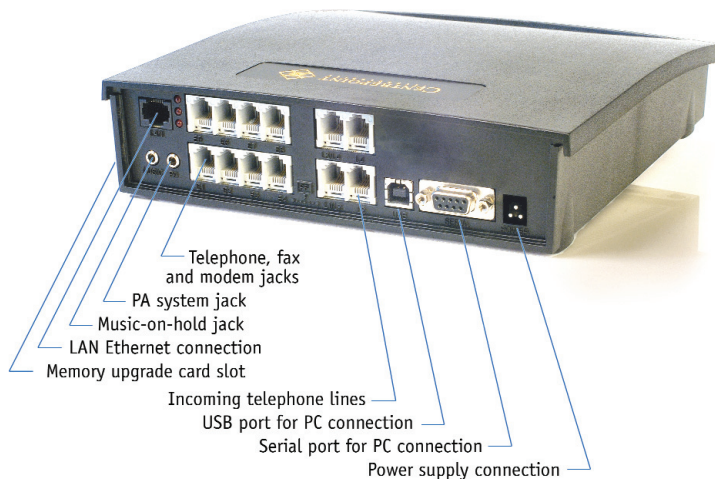

Flexible, powerful and expandable, this is the full-featured, all-in-one telephone system for growing offices

The TalkSwitch 48-CA is the compact, all-in-one telephone system that puts the rich features of PBX systems into the reach of small offices. Its voicemail, multi-level auto attendants, innovative remote extensions and sophisticated call handling features help businesses look big, reduce communications costs, and stay connected everywhere. With standard connections for fast and easy installation and free PC configuration software, TalkSwitch 48-CA system set-up and changes are a snap. TalkSwitch 48-CA is also designed for easy growth and is upgradeable to include Voice over IP capabilities.

CAPACITY

- 4 lines in
- 8 local extensions
- 8 remote extensions
- 9 auto attendants
- 26 voice mailboxes

Up to 4 TalkSwitch 48-CAs can be networked for added capacity of up to **16 lines and 32 extensions.**

CONNECTIONS

Extensions: 8 standard 2-pin RJ-11 ports. TalkSwitch 48-CA supports up to 8 standard analog telephones and fax machines.

PA Output: 1/8" mono phono jack to connect TalkSwitch 48-CA to a PA system to announce calls, or to a local speaker to monitor incoming calls and voicemail.

Audio Input: 1/8" mono phono jack allows connection of standard audio devices (CD players, radio or PC soundcard) for music or messages on hold.

Ethernet connection: RJ-45 10BaseT ethernet connection for LAN networking and management.

Memory Card Slot: The TalkSwitch 48-CA has 30 minutes of built-in voicemail and auto-attendant memory, which can be upgraded by up to 9 hours.

Incoming Lines: 4 standard 4-pin RJ-11 ports. Support for Caller ID and distinctive ringing.

PC Connection Ports: Serial and USB ports connect the TalkSwitch 48-CA to a PC for configuration. Ethernet cable included. TalkSwitch 48-CA includes configuration software, but the system doesn't need to be connected to a PC to function.

Power Source: 120VAC/16VAC 1.5A AC wall adapter included.

GROW YOUR OWN WAY

We designed TalkSwitch with a smooth evolutionary path that protects investment and meets your future needs for growth.

TalkSwitch 48-CA growth is accommodated by networking up to 4 units on a LAN for up to 16 lines and 32 extensions.

The TalkSwitch 48-CA can be upgraded at any time by adding a VoIP module with 4 VoIP trunks. VoIP and non-VoIP units (48-CVA and 48-CA) can be networked together, for up to 16 VoIP trunks.

FREE SOFTWARE UPDATES. YES, FREE.

Software: TalkSwitch comes with free user-friendly Windows-based configuration software. We continually add features and functionality to the configuration software, and we don't charge for updates.

Warranty: The TalkSwitch 48-CA is covered by a limited one-year warranty.

TECHNICAL SPECIFICATIONS

Ringing voltage	90 volts RMS
Ringing frequency	20 Hz - True Sine wave
Total ringing load	5 REN
Trunk type	Loop start
Connector type	RJ-11, 2-pin
Interface impedance	600 ohms
Flash hook supported	Yes

C.O. Interface

Interface impedance	Configurable 600/900 ohms
Trunk type	Loop start
Connector type	RJ-11, 4-pin
REN	0.7
Caller ID support	All lines
Distinctive ring supported	Yes

System

C.O. interfaces	4
Extension interfaces	8
RS-232, 9 pin interface	1
USB interface	1
LAN Interface	RJ-45 Ethernet (10BaseT)
Power-failure Line to Extension jacks:	Ext. 4 connects to Line 1

Dimensions (HxWxL): 2.03" x 8" x 8.4"

Weight: 1.81 pounds

Approvals: ACTA TIA/EIA/IS-968 and FCC Part 68 Industry Canada CS-03 and ICES 003

Established in 1990, TalkSwitch designs and manufactures innovative telephone systems for single and multi-location offices. TalkSwitch is a division of Centrepoint Technologies, Inc.
